U. S. WITHOUT PROPER DEFENSE, SAYS SCOTT

Chief of Army Staff Again Expresses
Faith in Universal Training Plan.

Despite a demonstration that his views were unwelcome to several members, Maj. Gen. Scott, Chief of Staff of the army, before the House Military Committee, again yesterday reiterated his conviction that the United States is today without an adequate system of defense.

Gen. Scott said the United States should change front on the question of defense. He declared the defenses of the country are inadequate and insisted that the fault lies with the system.

He said the National Guard has proved its value in trying to put out the national defense act of the last session, the United States has lost a whole year, in Gen. Scott's opinion.

Universal training was endorsed by Representatives Kahn, Farley, Tamm, Olney and Greene, and opposed by Representatives Quinn and McKeeler.

Sketching his ideas of ample defense, Gen. Scott said 500,000 youths attain the age of 18 every year. He would give all of those physically eligible a year's military service. He estimated that the number of eligibles so obtained would be less than 400,000 annually. This would be approximately the number in the pay of the government at one time with about 3,000,000 always in reserve.

Gen. Scott said the general staff is at work upon a universal service bill.

TWO OF THE FOURTEEN 'OPPORTUNITIES' GONE

Fully Subscribed, Associated Charities
Announce—Shoe Shop Aids.

Two of the fourteen Christmas "Opportunities" for which the Associated Charities is appealing now are closed. One gentleman yesterday sent in a check for \$84, the entire amount asked for Opportunity Number 4, with permission to apply any balance represented by amounts already contributed to any one of the other "Opportunities." Number 7 was closed some days ago.

The Steward Business College has contributed a scholarship which will be given to the oldest daughter in Number 12 to enable her to fit herself as a stenographer. This will be a very substantial aid to the family as soon as the girl is prepared to take a position.

Fifteen dollars have been turned over to the "Opportunity Fund" by the Ten Minutes Shoe Repairing Company, 329 Ninth street northwest. This amount represented entire collections taken in for work done or called for between the hours of 10 and 12 yesterday morning.

The total receipts for the fourteen Opportunities up to last evening was \$1,523.24, leaving a balance amount to be raised of \$1,476.76. These fourteen homes together of \$3,771.01.

Contributions should be sent to the Associated Charities, 222 H street northwest.

BARON OPPENHEIM RELEASED ON BOND

Baron R. E. Oppenheim, French financier, who was detained at Ellis Island several days ago and was ordered excluded by an immigration examining board pending investigation, yesterday was ordered released under \$1,000 bond by Secretary of Labor Wilson.

Instructions were sent to Commissioner Howe, at New York, to set Oppenheim at liberty for a three months' period. Secretary Wilson explained that his order, while apparently a revocation of the action of the Ellis Island authorities, in no sense removed the doubts which the Department had of Oppenheim's admissibility, and that the immigration officers would probe the case further before deciding the case definitely.

HOLIDAYS TO HALT PAPER COLLECTIONS

If you have any old papers or magazines, save them until after the Christmas holidays, when the pupils of the public schools will gather them.

This is the message sent out to the public by the pupils of the schools, and when the collection of paper is resumed, the pupils expect to attain greater results, as more and more children are becoming actively interested in the work.

Last week's collections are expected to make the total collections so far \$2,500, this sum being the commercial value of the waste paper gathered since the beginning of the propaganda. The money will go to the playgrounds and other social activities.

LAW EDUCATORS TO MEET.

G. W. U. Faculty to Be Represented
at Chicago.

At the convention of the American Association of Law Schools, in Chicago next week, George Washington University will be represented by a large delegation from its faculty, including Dean Everett Fraser, Merton L. Ferson, J. L. Parks, Dr. Judson A. Crane, William C. Van Vleet and Otto Schuchert.

The Association of American Law Schools fosters a high, scientific standard of legal education. George Washington Law School is a charter member. Only law schools maintaining the highest standards are members. Among these are Harvard, Columbia, Pennsylvania, Chicago, Michigan, Wisconsin, Leland Stanford and Yale.

George Washington's relative position in the association is shown by the fact that two members of its faculty have been honored with the presidency. These have been Dean Chas. Noble Gregory, 1908-9 and Dean William R. Vance, 1910-11.

WILLIAM MOREY DEAD.

Illustrator and Technical Writer
Succumbs in Massachusetts.

William Morey, well known as an illustrator and technical writer, is dead at his home in Westlake, Mass. Mr. Morey was for many years in the government service, having undertaken some important work for the War Department. He was chief engineer at the opening of the Cherokee oil strip.

He was also chief engineer of the Alaskan topographical expedition and for the last few years had been connected with the General Electric Company at Schenectady, N. Y.

Mr. Morey is survived by his wife and six children. They are Mrs. R. L. Seabury, of Toledo, Ohio; Miss Francis Morey, of Brockton, Mass.; and Carl, Jelma, Angus and Muriel Morey, of New York City.

Maj. Gen. Von Zieten Dies.
Berlin, Dec. 21.—The Lokai Anselger announced the death, following an operation, of Maj. Gen. Ernest von Zieten, commander of the Seventeenth German Reserve Division.

E. B. Emory, of Wilmington, Del., is in the National Capital for a few days. He is registered at the Raleigh.

L. P. Carlisle, of New Orleans, is stopping at the New Willard.

Miss Ethel Paine, of George Washington University, left yesterday morning to spend Christmas at her home in Punxsutawney, Pa.

Miss Mary Lerch is expected from the University of Wisconsin tonight to spend the holidays at her home in Takoma Park.

Miss Rey Weston, of 3447 Oakwood terrace, has returned to her home from Barnard College for the holidays.

Dr. and Mrs. A. B. Little are now occupying their new home at Fifth and Cedar streets, Takoma Park.

Miss Carrie O. Jackson, of Carlisle friends.

Miss Elizabeth Mills, student at Randolph-Macon College, will spend the Christmas holidays with her aunt in New York. In the spring Miss Mills will join her parents in California and sail for Honolulu.

Miss Catharine Scudder will spend the holidays with her parents, Mr. and Mrs. Charles W. Scudder, in Fulton Court, and then return to the Pennsylvania State College.

Miss Ray Friedman, of Baltimore, and Miss Hannah Garfinkle, of New York, are visiting friends in Washington.

PRESIDENT TO PLAY SANTA CLAUS ROLE

Merry Christmas at White House for
Little Ann Cothran Planned.

President Wilson himself is going to play Santa, not only to the White House attaches, but to his little grandniece, Josephine Cothran, who is here with her mother, Mrs. Ann Cothran, of Philadelphia.

Ellen McAdoo, the President's granddaughter, will help Josephine to celebrate. A big tree will be placed in position in one of the rooms at the White House, and no one will be permitted to enter that room until Monday morning. A few immediate relatives of the President and Mrs. Wilson will be present at the "big time" on Christmas Day, and Mrs. Wilson has spared no pains to see that everything is arranged as it should be, because grown-ups as well as the little folk are to be remembered by Santa Claus.

The President has followed the former custom of the White House, and each married couple, whatever his connection, will receive a turkey. About 125 turkeys will be required to go around.

"MAIL EARLY" FIGURES SHOW DECIDED GAIN

Did we mail early? It seems that "we" did.

"The people of Washington mailed earlier than ever before for Christmas," it was declared yesterday at Postmaster Chance's office.

Figures for December 18, 19 and 20 of this year and last, show a large increase this year:

	Per cent Increase.
Letter and card mail.....	66
Sack and paper mail.....	75

SAYS CHRISTMAS TIME IS THE TIME FOR KINDNESS

Superintendent Ernest L. Thurston, of the Public Schools, yesterday issued a letter of appreciation and Christmas greetings to the employees of the public schools and also to the pupils. A few extracts of the letter read thus:

"I desire to extend to each and all my heartiest good wishes for a joyous Christmas season and for a New Year of true happiness and of earnest hopes fulfilled."

"I extend my best wishes of the season to the children of the schools. Christmas is the best time because it is the kindest time and nobody ever felt happy without being a little kind and nobody ever felt kind without feeling a little happy, and this is the time."

SANTA CLAUS TO VISIT WASHINGTON HOSPITALS

The Junior League hospital committee received from the Washington playground department yesterday a pile of toys, fifteen feet long and eight feet high, made or contributed by the children of the city's playgrounds, to be given to the 256 sick children in Washington hospitals.

Toys of all sorts and character are in the crate, such as roller skates, dolls, scrap books, fairy tales, horns, bean fire engines, trains, dolls, doll houses, furniture, and small articles of clothes.

In addition to the toys to be sent to the hospitals, a number are to be sent to other sick children whose parents have made requests to the playground department.
